THE LAST OF THE

70S

TEMULAC

A Record of the Year 1978-1979

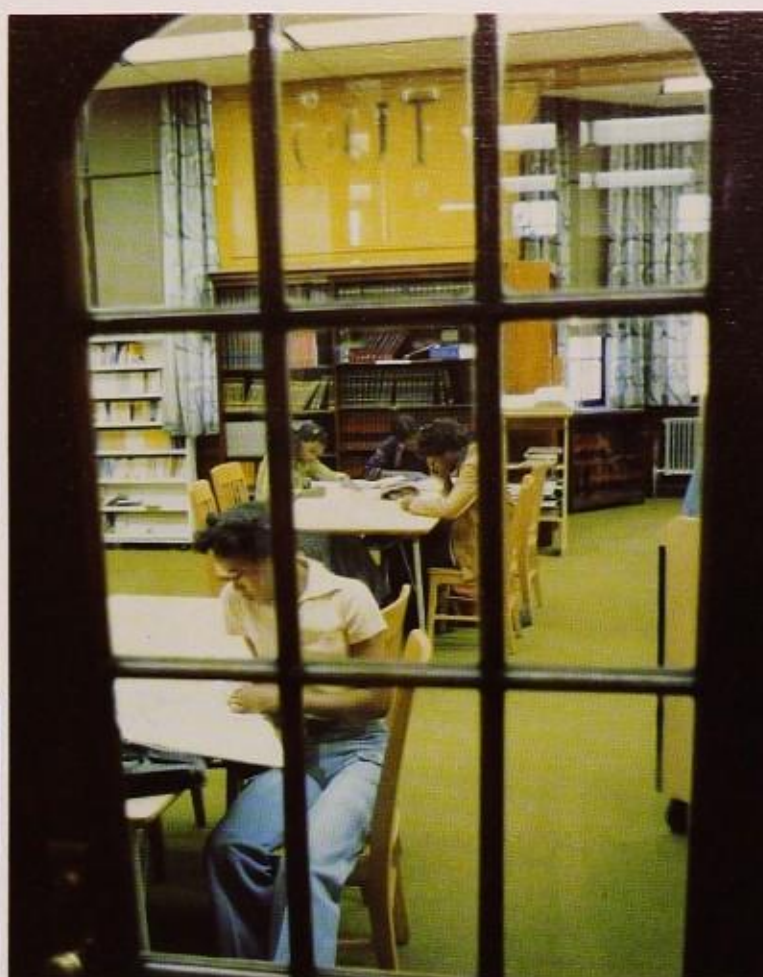

Calumet High School
8131 South May, Chicago, Illinois 60620

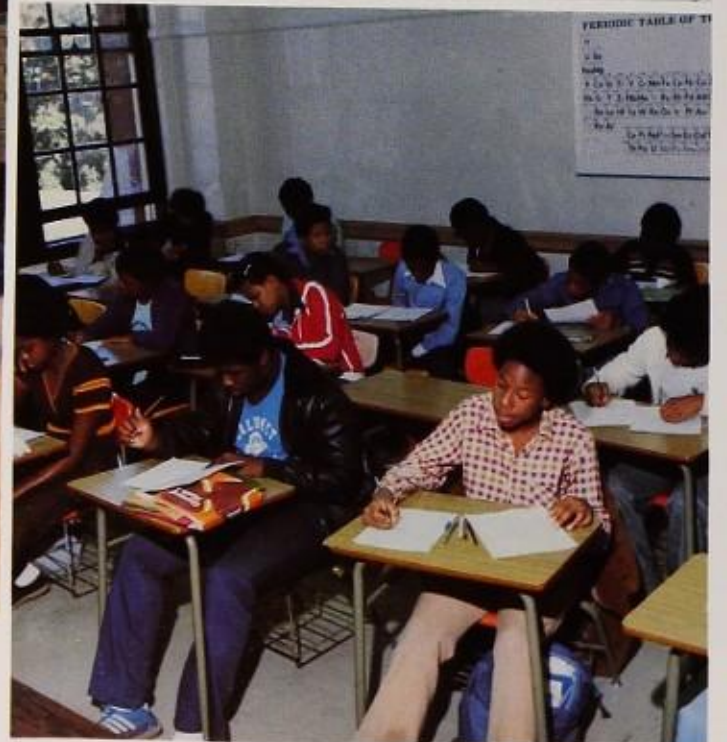

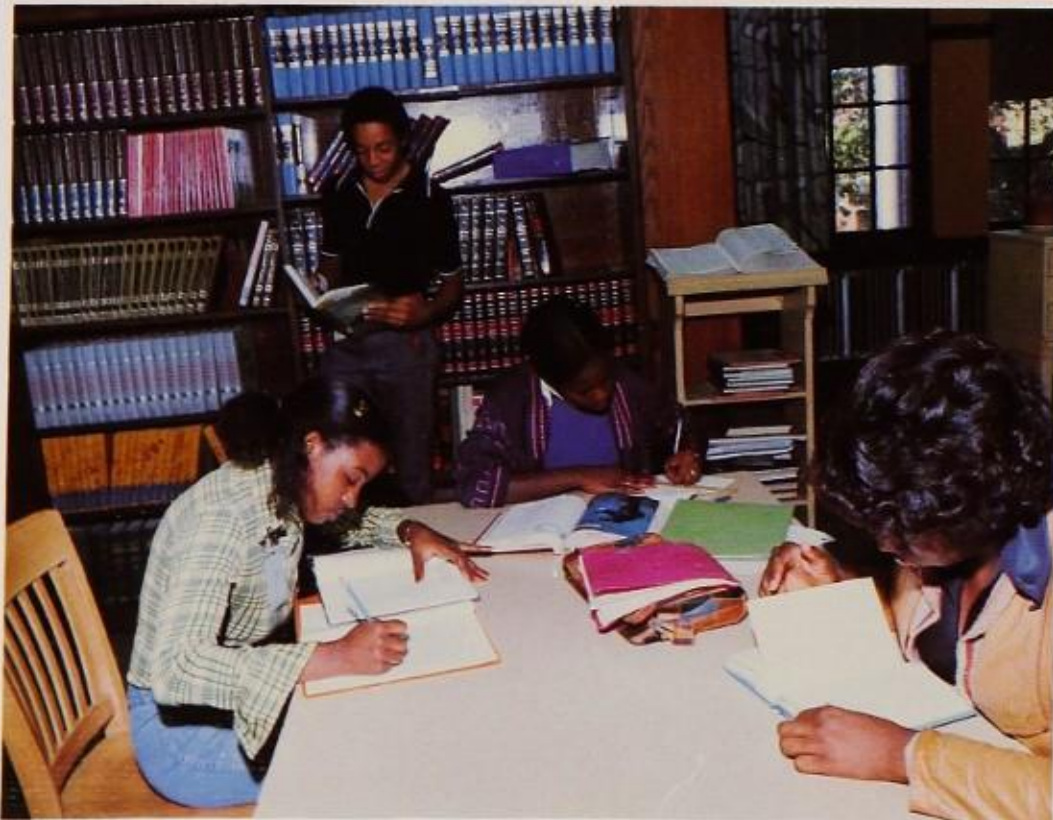

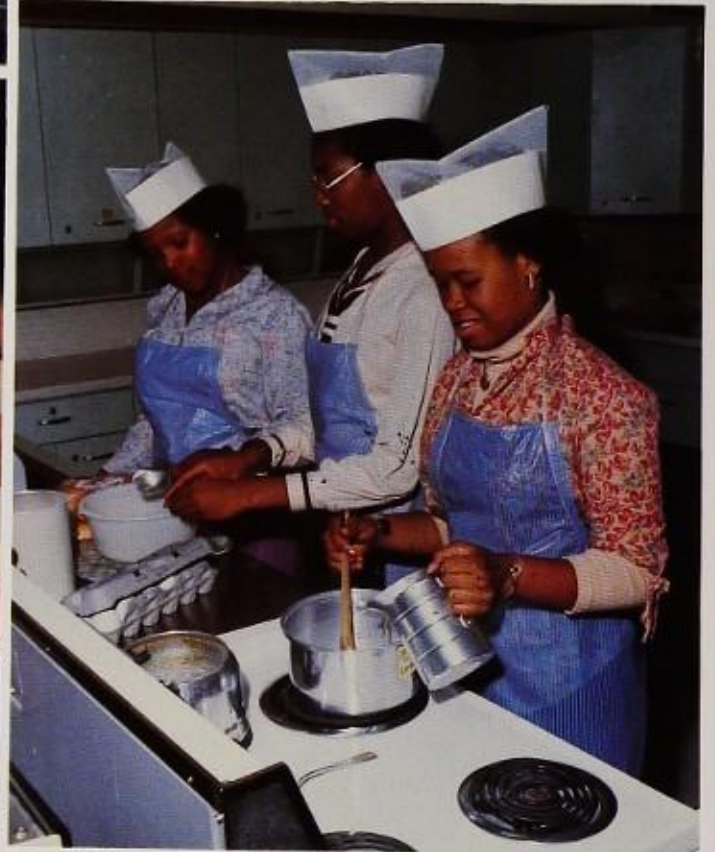

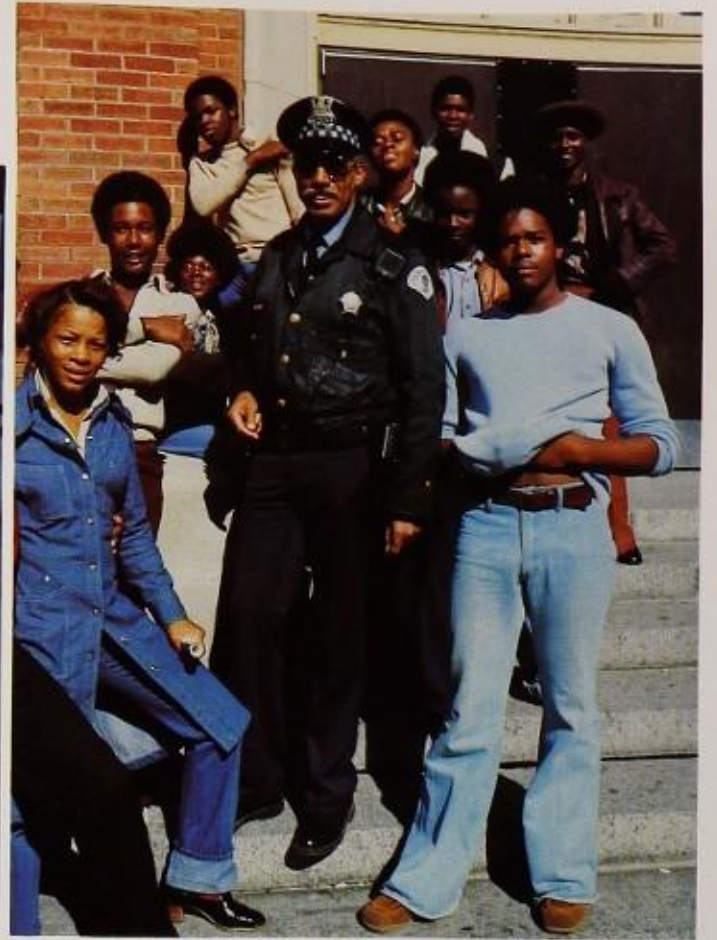

Our Theme derives from our affirmation:

We are Beautiful, Intelligent, Kind, and Loving to Each Other. Our Minds and Bodies are Growing and Developing in Progressive and Positive Ways.

CALIFE

Queen, Kim Rhyne

King, Kent Dowden

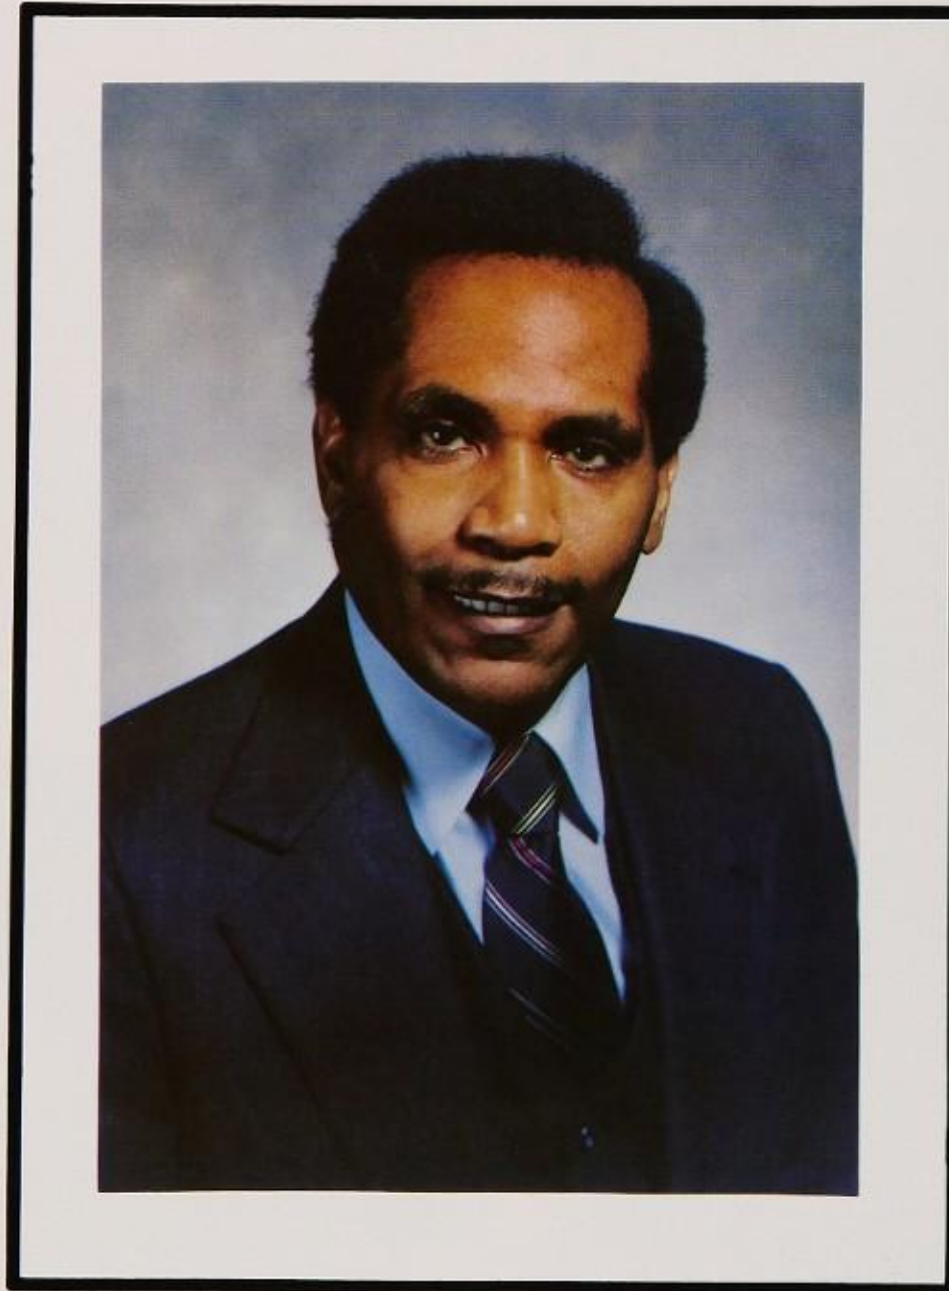

BLUE MACHINE

DR. FLOYD WYRICK

PRINCIPAL

The job of the principal is to implement the educational program with the staff, parents and students. The principal is the educational leader of the school.

"The purpose of the school is to search for truth and beauty, that is the core of our educational program."

The strong leadership of Dr. Wyrick is the source of inspiration for Calumet's students and staff.

Dr. Wyrick would like to take this opportunity to bid a final farewell to the June, 1979 Senior graduating class.

Back row: Brenda Washington, Donavan Holloway, Cedric Collier, Brenda Harvey, Karl Pierson, Cecilia Simmons, Marilyn Moore, Alphonso Adams, Adrian Shaw, Cynthia Barrigher.

The rationale for the program was derived from a realization that the City of Chicago has a very large population of students who are capable of pursuing engineering or science careers, but since they have not identified their career choice early enough, they may not have the proper course patterns for admissions to the college of their choice. Furthermore, many science and mathematics courses at the high school level do not have enough motivated students enrolled for the faculty to develop effective teaching techniques. (Usually one class consisting of many students with an improper background for the college preparation course).

COUNSELORS

The basic philosophy of the guidance department is embodied in the belief of the worth of every student. Assisting students to maximize their potential through personal and educational experiences is a goal of the school Counselor. To this end, the guidance program is designed to help the student analyze strength and weaknesses, plan a realistic and satisfying academic program, and develop appropriate future plans.

TOMORROW'S MEN

Children today - tomorrow - men!
A few more suns and moons and then
Long limbed and sinewy they stand
The manhood of our native land.

Show them the dignity of toil;
Give them the mother-touch of soil;
Teach them the cunning of the tool;
As well as riddles of the school.

For wealth and favors fade away
With fortune's frown within a day;
But masters of a trade are free
To re-secure their destiny.

Where is the man who dares to scorn
The honest man to labor born?
For Labor has her rugged peers
Who glorify the gown she wears!

THE NEGRO SPEAKS OF RIVERS

I've know rivers:

I've known rivers ancient as the world and older than
the flow of human blood in human veins.

My soul has grown deep like the rivers.

I bathed in the Euphrates when dawns were young.
I built my hut near the Congo and it lulled me to sleep.
I looked upon the Nile and raised the pyramids above it.
I heard the singing of the Mississippi when Abe Lincoln
went down to New Orleans, and I've seen its
muddy bosom turn all golden in the sunset.

I've known rivers:

"Ancient, dusky rivers.

My soul has grown deep like the rivers.

Langston Hughes

CAREER DAY was held at Calumet for all Juniors and Seniors. Approximately seventy (70) different careers were represented. Twenty (20) of those careers were represented by Calumet graduates. Mrs. Gueno, Vocational Counselor was the Career Day Coordinator.

The purpose of Career Day was to give our students an opportunity to speak with individuals who have achieved some degree of success and job satisfaction in career areas of interest to our students. This gave the students an opportunity to get first-hand information for use in their own career planning and the reassurance that they can achieve their career goals.

Students were able to select three (3) different seminars. Selections were made according to career interest. The seminars were in the areas of Air Transportation, Business, Communications, Creative Arts, Computer Science, Health Occupations, Higher Education, Home Economics related Careers, Industrial Careers, Law Enforcement, Fire Prevention, Legal Careers, Math/Science Related Careers, Mortuary Science, Military Careers, Ministry, Politics and Social Services.

Two very talented people gave us
Support, Help and many unselfish hours.
Ron Dabner and Sandra Rush, the
Temulac Staff Thanks and Salutes you.
For without your help we would have
never completed the Temulac.
